Date: February 1, 2009

To: 2008 Farm Science Review Exhibitors

From: Chuck Gamble, Manager

Enclosed is the information necessary for your participation in the 2009 Farm Science Review September 22-24.

The enclosed Application for Exhibit space **must be returned to our office on or before March 1, 2009** to ensure your lot from last year is reserved for the 2009 event. Should you desire to alter or change your exhibit space, we urge you to complete the application and return it immediately. Requests for new lot assignments are maintained and acted upon in chronological order by date received! Faxes are accepted of the application- but please fax **all** pages!

You may also apply on- line. If you have web access, type in <http://fsr.osu.edu> and select the Exhibitor link on the top of the page and look for the Exhibitor Application link to fill out an application. You will need the number located on the enclosed application to complete an on- line application. The number is located at the top, middle of the application. Eighty percent (80%) of our exhibitors use this method.

In whatever form you file, please fill out the application completely! We also urge you to read the enclosed Rules and Regulations carefully. Many questions that you may have will be answered in this document.

If you have any questions relative to participation, please feel free to call. You are reminded that the '08 show was our 9<sup>th</sup> consecutive sell- out and we actually returned checks to several exhibitors. If you have questions relative to specific lot location availability we will not be able to respond to such questions until mid March. Do not wait until that point to turn in your application!

We look forward to our continued partnership in 2009.
